A distance to ventricle
(resp vs ctrl p = 0.10)
B distance to meningeal surface
(resp vs ctrl p = 0.25)
C distance to nearest vessel
(resp vs ctrl p = 0.08)
D OL stress by distance to ventricle (not region-centred)
r(OL stress, log distance)
(region-centred; + = more stress farther away)
mean OL stress percentile
distance to ventricle (um)
